CAPABILITIES STATEMENT

CYBER BOUNCER

VETERAN-OWNED SMALL BUSINESS

Mission-driven cybersecurity, data science, and IT services for the Department of War, the Intelligence Community, and the Defense Industrial Base.

WHO WE ARE

A legacy of Army and Navy service runs through our founders and families. We bring senior government technology leadership and hands-on expertise to secure, modernize, and sustain mission systems — from the network to the data to the decision.

MISSION PARTNERS

- **Department of War**
- **Intelligence Community**
- **Defense Industrial Base**
- **Maritime & Shipbuilding**
- **Prime Contractor Teaming**

CORE CAPABILITIES

Cybersecurity & Compliance

- ATO / RMF authorization and continuous monitoring
- CMMC Level 2 readiness, SSP and POA&M, remediation
- STIG hardening, ISSO / ISSM support
- Zero Trust architecture and implementation
- Zero Knowledge security — protect data without exposing it

Data Science & AI/ML

- Predictive analytics for mission and readiness decisions
- Machine learning model development and deployment
- Large language model (LLM) solutions for secure environments
- Data engineering, integration, and visualization

Systems & Network Engineering

- Enterprise network design, modernization, and sustainment
- Full-lifecycle systems engineering
- Infrastructure assessment and technical roadmaps

Cloud & Enterprise IT

- Microsoft 365 GCC / GCC High, Azure Government
- Intune endpoint management, Microsoft Sentinel
- Google Workspace and Google Cloud
- Fractional CIO and IT strategy leadership

Mission & Program Support

- Logistics systems and supply chain IT
- Maritime and shipbuilding technology support
- Program management and administrative support

Technology Solutions (VAR)

- Hardware, software, and analytics platform procurement
- Solutions matched to mission requirements
- Licensing, fulfillment, and integration

WHY CYBER BOUNCER

CMMC Level 2 depth. We know the controls, the evidence, and the assessment.

Zero Trust to Zero Knowledge. Modern security, built for what comes next.

Senior leadership, hands-on. Government CIO-level experience on every engagement.

Service in our DNA. Army and Navy legacy; we understand the mission.
